PRODUCT: “MULTIPORT VALVES”

MAY 2020

Multiport Valves for every swimming pool

Multiport-valve Expert

Specialized exclusively in multiport-valve during more than 20 years and with origin from Europe AQUANT's range of multiport valves is designed with the user in mind who has to operate. With an innovative design, ease of handling and maximum reliability, these multiport valves, together with filters, are a basic element in achieving the perfect condition of your pool.

Reliable Characteristics

Body, cover and handle in injection-molded ABS. Distributor in PPO. Gaskets in EPDM and metallic elements in Stainless Steel. Cover closing by bolts. Easy installation and maintenance.

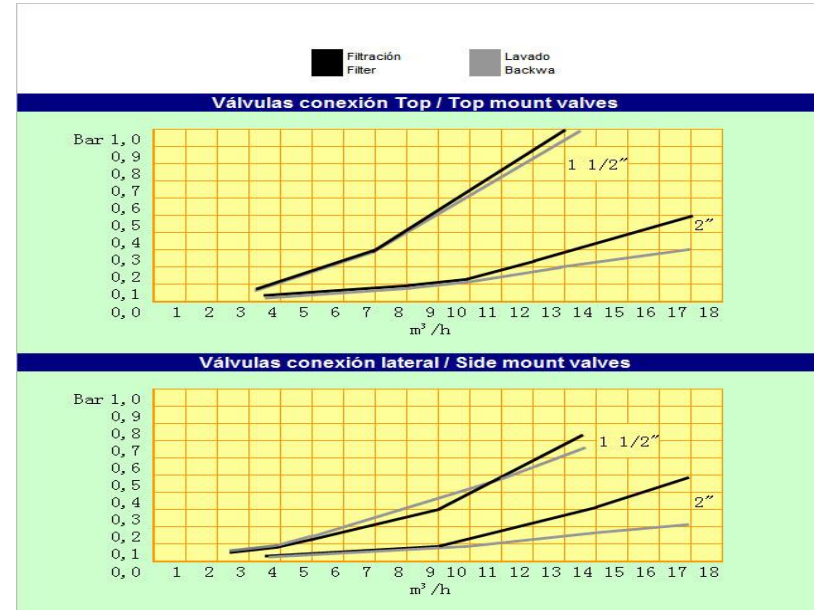

Efficient Functions

Using the control handle, made in ABS plastic and most easily operated, you can select the desired function of the valve from a choice of six: filtration, emptying, backwashing, rinsing, recirculation and closing.

Wide Range

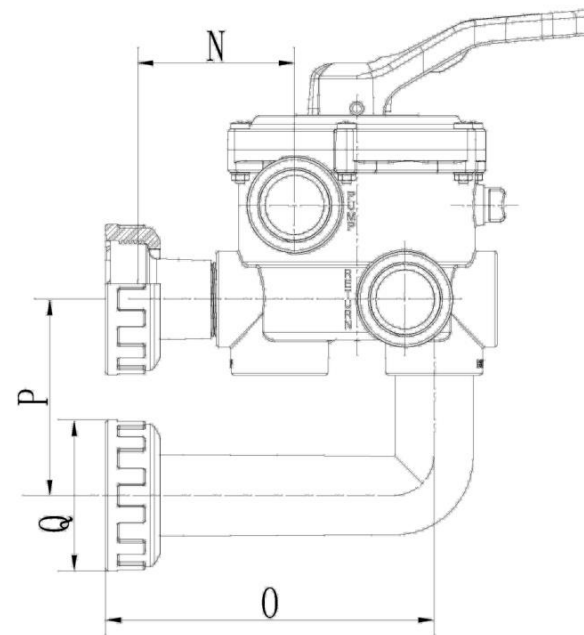

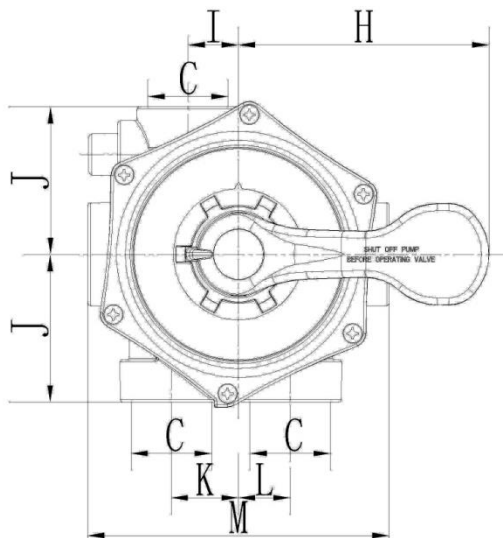

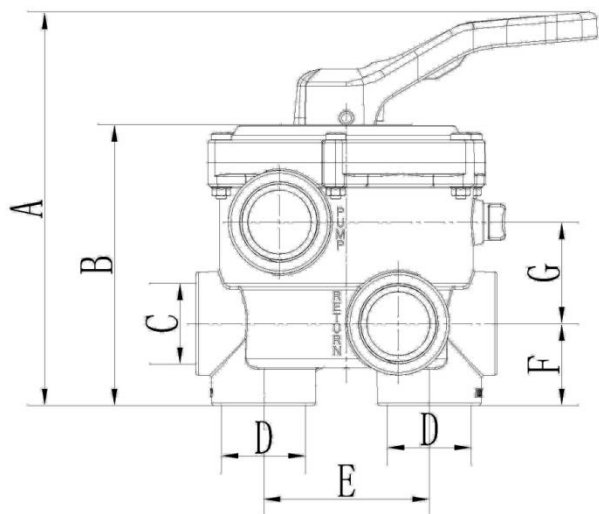

We offer 1.1/4", 1.1/2", and 2", both side and top mount, BSP or NPT version, with or without fittings, inclusive in different colors, more choices for your conveniences.
